8. Write Ten sentences about "My School". (8)

Ans

My School

My school is a place of great charm for me. Although its building is pretty old, yet it seems to cast a spell on us. Some of the walls are massive and ceilings are very high. Even the cruel summer fails to make our classrooms hot and humid. The location of my school is just by the side of the historic fort. The high walls of the fort scarred with signs of wind and weather, look wonderful. They have a mystery of their own. We understand our history lesson very well because of nearness to the famous fort. The teaching staff at my school is kind and devoted. A large playground with a row of evergreen tall trees faces the school building. What is more, it is away from all the hustle and bustle of the main road. I am glad that my school is far ahead of others in good results, sports, debates, library and scouting.
